MANAGEMENT, KOLKATA

A MESSAGE FROM THE DEAN OF LAW

It is a privilege to introduce the sessional Newsletter of the Department of Law. This edition of the newsletter delves upon the events and achievements of the Department as a whole.

This tenure has been very engaging in terms of the work done for the benefit of the society at large keeping in mind to attain universal sustainability methods through the Faculty Development Program on UNSDGS and the 5th International Conference on Artificial Intelligence and Cyber security.

A set of research papers from the students and faculty members of the Department of Law, UEMK not only explores the nuances of legal complication AI creates during its interaction in different domains but they are also working on the sustainable goals in different domains.

I thank all the faculty members and the students for their contribution in this sessional events organized by the Department of Law. The Newsletter also focusses on the different achievements and participation of the faculties throughout this session enhancing overall development of the department.

My heartfelt thanks to Hon'ble Chancellor, Pro-Chancellor and Vice Chancellor for their unfettered support and encouragement to take the department to greater heights.

PROF. (DR.) SHAMBHU PRASAD CHAKRABARTY
DEAN,
DEPARTMENT OF LAW,
UNIVERSITY OF ENGINEERING AND
MANAGEMENT, KOLKATA

ABOUT THE DEPARTMENT OF LAW

Department of Law at University of engineering and Management, Kolkata envisions to inculcate social, cultural and legal ethos in contributing towards law and policy formation by promoting research and outcome based legal education amongst the stakeholders to create socially responsible citizens. Department of Law at University of Engineering and Management provides an exceptional education for next generation lawyers, jurists and corporate professionals.

Our vision is to provide world class legal education to our students, to develop as well as manage resources sustainably to build a foundation of success, to assist students to understand and enjoy seamless nature of knowledge and encourage them to apply the acquired knowledge to practical use, so that they become worthy, socially responsible good human beings sought after for their leadership qualities.

Law department fosters creativity, innovation and excellence through example-based teaching-learning process imparted in the simplest and easily comprehensive way and to continuously upgrade knowledge base of our manpower, improve infrastructure and use of latest technology/pedagogical tools and update curriculum through periodic feedback from stakeholders to enable students to meet professional requirements and their expectations.

The Law Department is well equipped with great team of Faculty Members who renders unfathomable commitment to legal research and intellectual inquiry. The teaching methods adopted for the Degree Programme are such as to promote multi – disciplinary enquiry and practical appreciation of problems. The method of teaching involves lectures, discussions, case studies, Moot Courts and project works.

Apart from teaching and encouraging Students the Faculty Members are equally a part Two Centre of Excellence for quality Research, Publications and Consultancies.

1. Centre of Excellence in Intellectual Property Research (CEIPR):

The CEIPR brings together bright young minds to improve collaborations to address inter alia social, economic, and cultural dilemmas, creating a more vibrant environment. The centre will assist to generate livelihood opportunities to vulnerable communities, the incubation centres and other relevant university departments with updated research inputs in law and policy which will further provide the opportunity to faculty members, scholars and students and encourage participation in ongoing/undertaken research projects and consultancies.

2. Centre of Excellence in Sustainable Development Research (CESDR):

The CESDR is a unique interdisciplinary research centre of eminence to foster a law and policy in mitigating climate change crisis and to transform the way law advances a sustainable future to develop an analytical and normative research ecosystem to propose strategic measures in achieving United Nations Sustainable Development Goals and beyond.

Major Events 2024

FACULTY DEVELOPMENT PROGRAM

The **Five-Day Faculty Development Program** from 19th February 2024 to 23rd February 2024 was organised by **Centre of Excellence in Intellectual Property Research**, under the aegis of **Department of Law** in association with the **HRDC, IEM-UEM Group**.

The sessions focused on "**Understanding the Environmental Responsibilities of United Nations Sustainable Development Goals (UNSDGs)**." In the face of global challenges, there is an urgent need for academic institutions to play a pivotal role in promoting sustainable practices and fostering environmental stewardship. This FDP aims to equip educators with the knowledge and tools necessary to integrate environmental responsibilities into the educational landscape, aligning with the objectives outlined in the UNSDGs.

The **United Nations Sustainable Development Goals (UNSDGs)** provide a comprehensive framework to address pressing global issues, including environmental conservation, climate action, and sustainable resource management. This FDP is designed to empower faculty members with insights into the environmental dimensions of the UNSDGs, fostering a deeper understanding of the intricate interplay between human activities, ecosystems, and sustainable development. The speakers elaborated on the UNSDGS advocating the responsibilities for environment protection.

The sessions were enlightening and informative as it was empaneled by distinguished and Revered Speakers and Panelists.

The panelists were:

1. **Professor (Dr) Abhijit Mitra**, Former Head, Department of Marine Science, Calcutta University;
2. **Ms. Sumana Bhattacharya**, Indian Forest Service (Batch 2002) Chief Conservator of Forests, Administration, Finance and Coordination, West Bengal Forest and Biodiversity Conservation and Climate Change Response Project;

3. **Professor (Dr.) Sufia Zaman** Head, Oceanography Department, Techno India University, Kolkata;
4. **Dr. T.K Pal** Editor, Journal of Environment and Socio-Biology;
5. **Dr. Souvik Mukherjee** DUPR Scholarship - HDR Candidate, Deakin University, Melbourne Burwood Campus, Australia;
6. **Dr. Ana Penteado**, Associate Professor Notre Dame University, Australia;
7. **Debal Ghosh**, Special Commissioner in the rank of Special Secretary in Health and Family Welfare Department; and
8. **Prof (Dr.) Shambhu Prasad Chakrabarty**, Professor & Dean, Department of Law, University of Engineering and Management, Kolkata

The session was indeed a great success.

5TH INTERNATIONAL ETHICAL HACKING CONFERENCE (EHACON)

The 5th International Ethical Hacking Conference (eHaCON) organized by Cyber-Security Centre of Excellence in association with Department of Law, University of Engineering and Management, Kolkata was organized on 27th and 28th March, 2024.

The inauguration of this special event was marked by the ceremonial planting of a tree by esteemed delegates: **Dr. Sajal Das Gupta**, **Dr. Rajiv Ganguly**, **Dr. Shambhu Prasad Chakrabarty**, **Dr. Mohuya Chakraborty**, **Mr. Marcelo Bussacarini**, **Dr. Gleuto Serafim**, **Dr. Ana Penteado**, **Dr. Amitava Ghosh**, **Mr. Sukumar Roy** and **Mr. Champak Bhattacharjee**.

Key Speakers of the Conference

Dr. Amitava Ghosh, Emeritus Scientist:

Through his remarkable speech made his audience aware of the fact that there is recognition of numerous areas that require a change in their modus operandi. Despite this, there is optimism regarding the future performance of the law department at this university.

Dr. Amitava Ghosh, Emeritus Scientist

Prof. (Dr.) Mohuya Chakraborty, Director, Cyber-Security Centre of Excellence, UEM Kolkata:

In her insightful speech towards the audience, she remarked that this event organized by the Center of Excellence in Cyber Security in itself is a significant milestone in cyber security. Known as eHaCON, it first commenced in 2018 and aimed to address cyber security concerns, particularly those related to AI. Topics discussed were published in the prestigious Springer series, covering various cyber security aspects such as AI integration in media platforms and efforts to counter cybercrime. Discussions also highlighted policy needs for responsible AI implementation. The earlier conferences, featuring international participation included keynote speeches and concept paper presentations. In conclusion the speaker emphasized the importance of such initiatives in tackling cyber threats and fostering global cooperation.

Prof. (Dr.) Mohuya Chakraborty, Director, Cyber-Security Centre of Excellence, UEM Kolkata

Prof. (Dr.) Sajal Dasgupta, Vice Chancellor, UEM Kolkata

Prof. (Dr.) Sajal Dasgupta, Vice Chancellor, UEM Kolkata, in his speech stated that cybercrime pervades modern life, necessitating robust Cyber Security measures. Interdisciplinary research is underway to combat threats effectively. Legislative measures regulate AI advancement for responsible use. AI technology tackles complex human problems, showing transformative potential. The conference is aiming to foster collaboration and innovation in cybersecurity.

Mr. Sukumar Roy, Director, West Bengal Judicial Academy

Mr. Sukumar Roy, Director, West Bengal Judicial Academy spoke about the evolution of law parallels societal changes, responding to evolving norms and challenges. The surge in cybercrimes emphasizes the need for proactive measures. Shifting focus towards booking criminals and imposing fines is crucial for public safety. AI technology aids in developing efficient legal processes. Conferences like these aim to address contemporary challenges and align legal practices accordingly.

Dr. Champak Bhattacharjee, IPS

Dr. Champak Bhattacharjee, IPS made the audience through his words, aware, that the eHaCON conference has become a respected platform for cyber security and AI experts, fostering discussions on emerging trends. Emphasizing ethical practices, it promotes responsible technology use. AI's remarkable advancements highlight its potential to address modern challenges. However, the dynamic tech landscape requires ongoing learning. The speaker thanked participants, wishing the conference continued success.

Prof. (Dr.) Shambhu Prasad Chakrabarty, Dean, Department of Law, UEM Kolkata

Prof. (Dr.) Shambhu Prasad Chakrabarty, Dean, Department of Law, UEM Kolkata presented the vote of thanks for the inaugural session for this conference to all present. He specifically thanked Dr. Ana Penteadó for bringing such concepts in this area, He thanked the distinguished guest for their presence while requesting Dr. Gleuto and Mr. Marcelo to come back again to enlighten the audience.

KEYNOTE SPEAKERS OF THE CONFERENCE

KEYNOTE SPEECH – 1

Mr. Marcelo Bussacarini, Global Security Brand Strategist, CISCO, Sydney, New South Wales, Australia

The discussion by Mr. Marcelo Bussacarini provided a comprehensive analysis of the current landscape of AI adoption and cybersecurity challenges, emphasizing the staggering increase in data breaches and the substantial growth in AI technology adoption. India's leadership in AI and technology readiness was highlighted, alongside the existing gap in security readiness according to the CISCO Security Readiness Index 2024. Key challenges such as data quality, legal implications, and cultural considerations were identified, along with the dual nature of AI as both a security tool and potential cyber-attack vector. Practical aspects of AI implementation, including the use of GPUs for machine learning and AI's evolving role in cyber security, were discussed. The audience was prompted to reflect on whether the world is adequately prepared for widespread AI adoption, considering ethical, legal, and societal implications. Overall, the discussion offered valuable insights into the complex relationship between AI adoption and cyber security, presenting both opportunities and challenges for the future.

KEYNOTE SPEECH – 2

Dr. Gleuto Serafim, Director and Founder at Ixonn Group, Australia

According to Dr. Gleuto Serafim, the future of ethical hacking is intertwined with the rise of artificial intelligence (AI), where ethical hackers play a vital role in addressing evolving cyber security threats. Historically, ethical hacking has evolved from phone phreaking to network hacking, highlighting its importance in modern cyber security.

Governments prioritize protecting citizen data amidst the uncertainties surrounding AI's capabilities. Ethical hackers, akin to penetration testers, are crucial for ensuring security. The field is becoming more professional, evidenced by certifications like the "CERTIFIED ETHICAL HACKER BENCHMARK."

Integration of AI and machine learning offers automation benefits but also presents challenges like sophisticated cyber threats and legal complexities. Efforts in cyber security literacy, public awareness, and policy influence are necessary to address these challenges.

Legislation and regulation play a key role, shaping the future of ethical hacking. Opportunities lie in emerging technologies and collaborative ecosystems, with innovative training methods like VR training.

In summary, the future of ethical hacking demands collective action to empower ethical hackers and safeguard digital assets against evolving cyber threats.

KEYNOTE SPEECH – 3

Mr. Sandeep Sengupta, Founder / Director – Indian School of Anti Hacking, India

Through his speech, Mr. Sengupta said that AI is transforming cyber security with cutting-edge tools to address key challenges like deep fakes, crime detection, and delayed responses. Through real-world applications like using AI for crime prevention and leveraging AI-powered threat intelligence, AI's solutions encompass advanced analysis, predictive capabilities, and behavior recognition. Challenges such as privacy concerns in smart CCTV surveillance are acknowledged, emphasizing the need for integrated solutions and continuous evolution. He advocated for a balance between artificial intelligence and human judgment, highlighting the importance of addressing societal needs without succumbing to greed.

KEYNOTE SPEECH – 4

Prof. (Dr.) Chandan Chakraborty, Professor, National Institute of Technical Teachers Training and Research, Kolkata

In his speech, Dr. Chakraborty discussed the integration of AI/ML in digital pathology while upholding ethical standards and highlighted their impact on India's National Education Policy (NEP) of 2020. He emphasized that AI is about solving scientific problems and noted its role in empowering educators to create and assign tasks efficiently.

KEYNOTE SPEECH – 5

Dr. Ana Penteadó, Adjunct Associate Professor, Notre Dame University, Australia

In this presentation the speaker focused on Machine Learning, unsupervised learning and Self-supervised learning etc. The questions like what does AI mean for our society, its limitations and its legal boundaries were also discussed. Relationship between ethics and law was highlighted.

KEYNOTE SPEECH – 6

Prof. (Dr.) Althaf Marsoof, Associate Professor of Law, Nanyang Technological University, Singapore

In his presentation, the speaker focused on interface between AI and Inventorship. Need to recognize AI as a creative agent, preservation of human agent was discussed. A wide discussion on AI Inventor with relevant case laws and latest developments was also carried out by him. He also gave a brief introduction on Chat GPT.

KEYNOTE SPEECH – 7

Prof. (Dr.) Mohuya Chakraborty, Director, Cyber-Security Centre of Excellence, UEM Kolkata

The speaker discussed about Explainable AI (XAI) and its significance in decision-making and authenticity. XAI comprises analysis, discussion, and conclusion, focusing on making AI models trustworthy through transparency and interpretability. She emphasized on the need for trustable models to avoid providing inaccurate information. The speaker also addressed the point of converting black box models into white box models by incorporating accountability, resiliency, bias mitigation, reliability, and dependency. XAI processes data to produce user-specific outcomes, considering perspectives from computer science and psychology.

KEYNOTE SPEECH – 8

Prof. (Dr.) Justin Paul, Professor, University of Puerto Rico, USA and Visiting Professor at Henley Business School, UK

AI's integration with Industry 6.0 facilitates advanced automation, predictive maintenance, and optimized production processes, enhancing efficiency and productivity. This convergence enables real-time decision-making, adaptive manufacturing, and personalized customer experiences, driving innovation and competitiveness in the industrial sector.

PRESENTATIONS BY FACULTY OF LAW AT THE CONFERENCE

Prof.(Dr.) Shambhu Prasad Chakrabarty

Dean of Law

Paper Title: Whose Right is it anyway? Challenging the copyright claim of AI

Category: AI AND LAW

CHAIR: *Dr. Ana Pentado, Adjunct Associate Professor, Notre Dame University, Australia*

Co-CHAIR: *Prof. Victor Nayak, Assistant Professor of Law, UEM Kolkata*

Ms. Shrabana Chattopadhyay

Asst. HOD of Law

Paper Title: Criminal Liability of Artificial Intelligence Generated Deep Fakes in India

Category: AI AND LAW

CHAIR: *Dr. Ana Pentado, Adjunct Associate Professor, Notre Dame University, Australia*

Co-CHAIR: *Prof. Victor Nayak, Assistant Professor of Law, UEM Kolkata*

Mr. Victor Nayak

Assistant Professor of Law

Paper Title: Transforming Conflict Resolution: The Impact of AI on Online Dispute Resolution

Category: Evolution of AI

Dr. Anjan K. Ghosh, Director, Cyber-Physical Systems, UEM Kolkata

Co-CHAIR: Prof. (Dr.) Sankhadeep Chatterjee, Assistant Professor, UEM Kolkata

Co-CHAIR: Prof. (Dr.) Alice Dey, Assistant Professor, UEM Kolkata

Ms. Abhisikta Basu
Assistant Professor of Law
Paper Title: AI in the Detection of Breast Cancer and Related Ethical and Legal Issues
Category: Evolution of AI
CHAIR: Dr. Arup Kumar Chattopadhyay, Senior Project Officer, IIT Madras
Co-CHAIR: Dr. Sukanya Mukherjee, Assistant Professor, IEM Kolkata

Ms. Purbasha Mukherjee
Assistant Professor of Law
Paper Title: 'Accept': The Essence of Freedom of Contract while Navigating Apps in the era of Artificial Intelligence
Category: AI and Law
CHAIR: Dr. Ana Penteado, Adjunct Associate Professor, Notre Dame University, Australia
Co-CHAIR: Prof. Victor Nayak, Assistant Professor of Law, UEM Kolkata

Mr. Abhishake Roy
Assistant Professor of Law
Paper Title: Advancing AI in Law: Enhancing Protection, Mitigating Fraud, and Fostering Interdisciplinary Collaboration
Category: AI AND INDUSTRY 6.0
CHAIR: Dr. Ana Penteado, Adjunct Associate Professor, Notre Dame University, Australia
Co-CHAIR: Prof. Shrabana Chattopadhyay, Assistant HOD and Assistant Professor of Law, UEM Kolkata

Dr. Alice Dey

Assistant Professor of Law

Paper Title: Leveraging AI in Cybercrime Prevention and Legal Protection of Women in India: A Paradigm Shift in Criminal Law

Category: AI AND LAW

CHAIR: Dr. Ana Pentead, Adjunct Associate Professor, Notre Dame University, Australia

Co-CHAIR: Prof. Shrabana Chattopadhyay, Assistant HOD and Assistant Professor of Law, UEM Kolkata

Mr. Arin Mukherjee

Guest Lecturer of Law

Paper Title: 1) Can AI Help Indian Judiciary to Reduce its Burden of Cases? Exploring the Potential of AI in Judicial Decision-Making Process

2) Assessing EU and US data protection laws with the Indian model: Vulnerabilities in data processing and sharing with third parties.

Category: AI AND CYBERSECURITY and AI AND INDUSTRY 6.0

CHAIR: Prof. Rajendrani Mukherjee, Associate Professor, University of Engineering and Management, Kolkata

Co-CHAIR: Dr. Shambhu Prasad Chakraborty, Dean, Department of Law, UEMK

International Faculty

Dr. Ana Pentead, Adjunct Professor, University of Notre Dame, Australia

Visiting International Faculty of Law

Advisory Board Member for

Centre of Excellence in Intellectual Property Research (CEIPR) &

Centre of Excellence in Sustainable Development Research (CESDR)
