## Agenda Item No-4

To report on the mapping of the syllabus module/ course materials with the reputed National/ International Institutes.

The discussion highlighted the importance of aligning our syllabus modules and course materials with those of reputed national and international institutes. This alignment aims to enhance the academic standards and global competitiveness of our institution. The board members recommended adopting best practices from the identified institutions to improve the quality of our course materials. Mapping of syllabus can see on (Annexure-2).

## Agenda Item No-5

To Report on the Mandatory Submission of Online Course Certificates by Students for each subjects in the semester from Coursera, Infosys Springboard, LinkedIn Learning etc.

The discussion emphasized the importance of integrating online course certificates from platforms such as Coursera, Infosys Springboard, and LinkedIn Learning as a mandatory requirement for each subject in the semester. This initiative aims to enhance students' skills and knowledge through diverse and up-to-date online resources. Students will be required to complete at least one relevant online course per subject each semester. The board members recommended preparing a list of approved platforms and courses, and forming a verification team responsible for checking the authenticity and relevance of the submitted certificates.

## Agenda Item No-6:

To report on the Major and Minor degree courses started from current academic year i.e. 2024-2025.

The chairperson initiated the discussion on Agenda Item No-6, focusing on the introduction of major and minor degree courses starting from the current academic year 2024-2025. This initiative aims to provide students with more flexibility and interdisciplinary learning opportunities.

The minor degree courses were developed in response to industry demands and student interests, offering a diverse range of subjects.

The list of Minor Degree in Computer Science course includes following subjects in the semesters:

(Annexure-3)

Semester No.	Subject Name
3 <sup>rd</sup> Semester	Computer Architecture
4 <sup>th</sup> Semester	Data Structures and Algorithms
5 <sup>th</sup> Semester	a. Object Oriented Programming in Java b. Introduction to Software Engineering
6 <sup>th</sup> Semester	a. Computer Networking b. Introduction to Operating System
